TOPICS
EPIGENETICS, GENE REGULATION AND GENOMIC RESOURCES
EMERGING TECHNOLOGIES (INC. GENE MANIPULATION AND IMAGING)
NEUROBIOLOGY
CIRCUITS AND BEHAVIOUR
DISEASE MODELS
CANCER
IMMUNITY AND INFECTION
PATTERNING AND CELL signalling
MORPHOGENESIS AND ORGANOGENESIS
TOXICOLOGY
CHEMICAL BIOLOGY AND DRUG DISCOVERY
HUSBANDRY (AND AQUACULTURE)
REPRODUCTIVE AND EVOLUTIONARY BIOLOGY
STEM CELLS AND REGENERATION
TISSUE FORMATION AND STRUCTURE
CARDIOVASCULAR DEVELOPMENT AND FUNCTION
JOIN THE SHOAL: EARLY-CAREER ZEBRAFISH SCIENTISTS *
ENVIRONMENTAL SUSTAINABILITY **

* This session is organised by the Young Researcher Committee (YoRC) of EZS
** This session is organised by the Environmental Sustainability Committee (ESC) of IZFS

KEYNOTE SPEAKER
Magdalena Zernicka-Goetz

SCIENTIFIC COMMITTEE
Przemko Tytżanowski (Medical University of Lublin, Poland; University of Leuven, Belgium)
Stefan Schulte-Merker (University of Münster, Germany)
Lilianna Solnica-Krezel (Washington University School of Medicine, USA)
Antonella Fortino (University of Pavia, Italy)
Koichi Kawakami (National Institute of Genetics, Mishima, Japan)
Jacek Kuźnicki (International Institute of Molecular and Cell Biology, Warsaw, Poland)
Graham Lieschke (Monash University, Melbourne, Australia)
Tomasz Prajsnar (Jagiellonian University, Kraków, Poland)
Mate Varga (Eötvös Loránd University Budapest, Hungary)
Cecilia Lanny Winata (International Institute of Molecular and Cell Biology, Warsaw, Poland)
